05-SB-101, PM 26.5/27.1
RESOLUTION E-07-02**

RECOMMENDATION:

The California Department of Transportation recommends that the California Transportation Commission (Commission), as a responsible agency, approve the attached Resolution E-07-02.

ISSUE:

The attached resolution proposes to approve for future consideration of funding the following project for which a Negative Declaration (ND) has been completed:

- Route 101 in Santa Barbara County – Roadway improvements near Goleta.

This project in Santa Barbara County will replace an existing overcrossing and construct roadway improvements associated with the new overcrossing. The project is fully funded in the 2006 State Highway Operation and Protection Program (SHOPP). The total estimated project cost is \$6,880,000. It is estimated to begin construction in Fiscal Year 2008-09.

A copy of the ND has been provided to Commission staff. The project will involve construction activities in the environmentally sensitive habitat of the red-legged frog. In addition, visual concerns from the adjacent community resulted in a ND being completed for this project.

The Department has approved this project for construction. This approval and the filing of the Notice of Determination with the Office of Planning and Research will satisfy the environmental requirements for this stage of the project planning process.
